Yes!

We do try dives with people who are looking to establish whether or not diving is for them. We use the clubhouse to give you a briefing and take you through the kit, then we head down to a local swimming pool and lend you our club kit to try under supervision from one of our instructors.

Try dives are a fun and safe way to discover diving. The only danger is that you might get hooked!

Get in touch via the [CONTACT PAGE](#) to arrange a try dive!
